If your application is approved by the Syndicate the coverage can be provided with an inception or commencement date no earlier than the day SIMED receive the payment of the quoted premium. Under the claims made policy form, coverage is only provided for claims against the Insured arising out of medical incidents that occur on or after the Retroactive Date stated in the policy and which are reported in writing to the Syndicate while the policy is in effect, unless additional reporting period coverage is purchased which would provide an unlimited time period to report covered claims. During the first three policy years claims made premium are lower and they increase gradually, independent of overall rate increase, until the claims made risk reach maturity at fourth year. The premium may also be affected due to your past loss/claims experience information.
